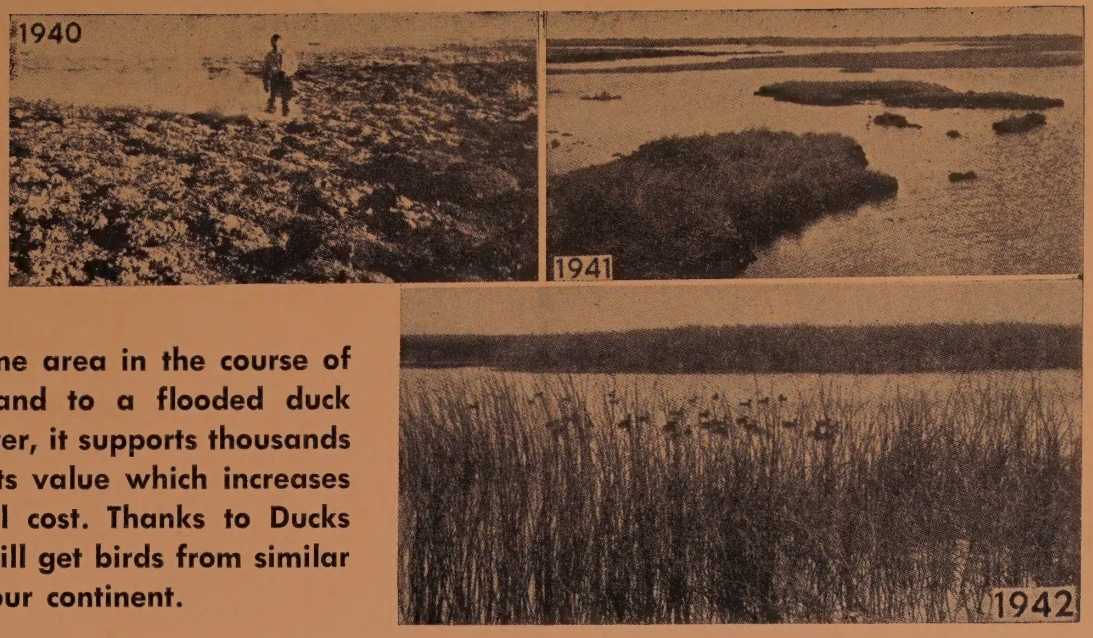
WILD DUCKS MUST EAT

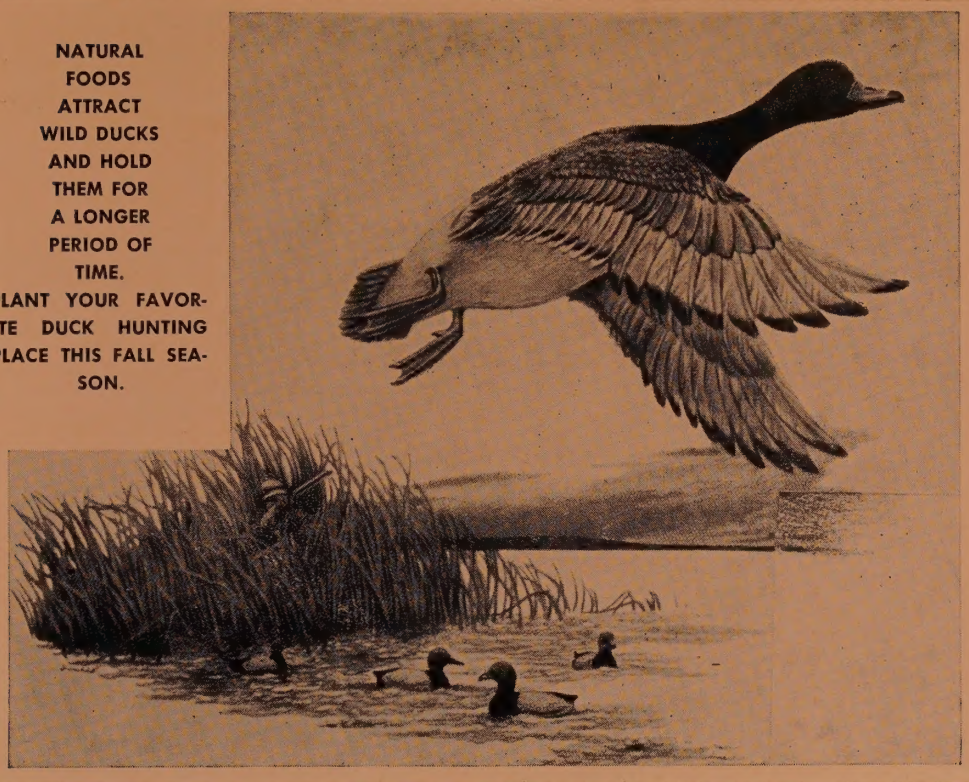
It takes feed to bring them in and it takes feed to hold them throughout the entire season.

NOTE →



These are actual photos of the same area in the course of development from a no good lowland to a flooded duck ground in 3 years. Today, 22 years later, it supports thousands upon thousands of Wild Ducks and its value which increases each year is many times its original cost. Thanks to Ducks Unlimited. In the fall migration you will get birds from similar developments across the breadth of our continent.

NATURAL FOODS ATTRACT WILD DUCKS AND HOLD THEM FOR A LONGER PERIOD OF TIME. PLANT YOUR FAVORITE DUCK HUNTING PLACE THIS FALL SEASON.



A SINCERE DUCK HUNTER

A man knocked at the heavenly gate.
His face was scarred and old;
He stood before the man of fate
for admission to the fold.
What have you done, St. Peter
asked, to gain admission here?
I have been a duck hunter, sir
for many and many a year.
The Pearly Gates swung wide open,
St. Peter touched the bell.
Come in and choose your harp,
he said,
You have had your share of hell.

IMPROVE YOUR DUCK SHOOTING

The combination of decoys and plenty of food will attract them. Furthermore they will come back to a good feeding ground, even when frightened away. Plant natural wild duck food this fall.

WILD DUCKS STOP WHERE THEY FIND FOOD

EVEN WHEN FRIGHTENED AWAY FROM AN ABUNDANT FEEDING PLACE, A FEW HOURS LATER THEY WILL COME RIGHT BACK FOR MORE FOOD. THEY HAVE TO EAT THE SAME AS YOU OR I IN ORDER TO EXIST.

Fall is nature's planting season, the time that these natural foods reseed themselves naturally, therefore an excellent time for planting, while you are at your favorite place. Planted in the fall they remain dormant over winter, starting growth the following spring.

Take some with you to sow when you go hunting this Fall Season. They are easy to plant, they are legal to plant and grow and to shoot over.

It is an act of conservation to plant Natural Wild Duck Foods. More good feeding grounds are needed to support our Wild Ducks and prolong these sports — at the same time, improve your own sport.

Here are those available for October, November and December planting. Complete planting instructions are furnished for each kind.

END OF DROUGHT CYCLE ON BREEDING GROUNDS FOR WILD DUCKS

Possibilities for a better bag limit on waterfowl and a longer shooting season may come in 1963. From all indications we are out of the dry cycle, continued rain and snow is all we need and gradually we will get back to a normal duck population.

For Shallow Waters — Convenient Feeding Depths

GIANT WILD RICE SEED — For shallow water feeding ducks; grows best in fresh waters, 1 to 4 feet in depth on a soft mud bottom; sow broadcast.
DELIVERED PRICES: 1 bu., 25 lbs. (net weight) @ $32.; 10 lbs. @ $14.; Smaller lots @ $1.50 per lb.

SAGO PONDWEED TUBERS — (Weighted, ready to plant) — Best Wild Duck food that grows; best in water 6 inches to 4 feet on fairly soft bottom soil — just drop them in.
DELIVERED PRICES: 1000 tubers @ $42.; 500 tubers @ $21.; 250 tubers @ $10.50; 100 tubers @ $5.50.
SAGO PONDWEED WITH SEED — 25 lbs. (1 bu.) @ $32.; 10 lbs. @ $14.; $1.50 per lb.

WILD CELERY TUBERS — (Weighted, ready to plant) — Excellent Duck Food, plant in fresh waters 1 to 4 feet in depth on a soft mud bottom. Just drop in waters.
DELIVERED PRICES: 1000 tubers @ $42.; 500 tubers @ $21.; 250 tubers @ $10.50; 100 tubers @ $5.50.
WILD CELERY SEED — 25 lbs. @ $32.; 10 lbs. @ $14.; $1.50 per lb.

WAPATO DUCK POTATO TUBERS — Grows in wet soils or fresh shallow waters, preferably soft mud bottom. Marsh ducks like it best; makes food and cover for them — continues to grow year after year.
DELIVERED PRICES: 1000 tubers @ $38.; 500 tubers @ $19.; 250 tubers @ $9.50; 100 tubers @ $5.

DEEP WATER DUCK POTATO TUBERS — (Weighted, ready to plant) — An A-1 duck food, one of the best. Grows in 6 inches to 4 feet of fresh water, preferably on a soft mud bottom, reproduces year to year.
DELIVERED PRICES: 1000 tubers @ $42.; 500 tubers @ $21.; 250 tubers @ $10.50; 100 tubers @ $5.50.

For Waters Edge — Wet Soils to a Few Inches of Water

THREE SQUARE RUSH ROOTS — Make both food and cover, plant at water's edge, wet soils or a few inches of water.
DELIVERED PRICES: 1000 roots @ $40.; 500 roots @ $20.; 250 roots @ $10.; 100 roots @ $6.

WAMPEE DUCK CORN SEED — Broadcast along water's edge in very shallow waters — a marsh duck food.
DELIVERED PRICES: 5 lbs. seed @ $8.; $1.75 per lb.

NODDING SMARTWEED ROOTS — An A-1 Marsh Duck food, very hardy, grows in moist soils or shallow waters, a perennial.
DELIVERED PRICES: 1000 roots @ $38.; 500 roots @ $19.; 250 roots @ $9.50; 100 roots @ $5.

BURREED ROOTS — Permanent growth, makes food and cover, plant at water's edge.
DELIVERED PRICES: 1000 roots @ $38.; 500 roots @ $19.; 250 roots @ $9.50; 100 roots @ $5.00

HARD STEM BULRUSH ROOTS — Makes food, cover and blinds, plant at water's edge, wet soils or a few inches of water.
DELIVERED PRICES: 1000 roots @ $46.; 500 roots @ $23.; 250 roots @ $12; 100 roots @ $6.

For Wet Banks, Shores, Mud Flats and Marshes

WILD JAP MILLET SEED — For wet banks, shores and mud flats. Produces lots of seeds for Ducks and Geese. Sow Broadcast.
DELIVERED PRICES: 100 lbs. @ $28.; 50 lbs. @ $15.; 25 lbs. @ $8.; 10 lbs. @ $4.

LOWLAND SMARTWEED SEED — Wet lowlands, shores and mud flats. Wonderful Mallard and Black Duck food. Withstands flooding, reseeds itself. Sow broadcast.
DELIVERED PRICES: 100 lbs. @ $50.; 50 lbs., @ $25.; 25 lbs. @ $13.; 10 lbs. @ $6.

REED CANARY GRASS SEED — For wet lowlands, banks and mud flats. Sow broadcast, reseeds itself. Wild ducks like it.
DELIVERED PRICES: 100 lbs. @ $70.; 50 lbs. @ $36.; 25 lbs. @ $18. Smaller lots $1.00 per lb.

For Strong Alkaline or Salt Waters

These are three real important Wild Duck Foods that will thrive —
WIDGEON GRASS PLANTS — SALICORNIA PLANTS — NUT GRASS SEED
DELIVERED PRICES: Widgeon Grass Plants — $16 per bushel. **Salicornia Plants** — $16 per bushel. **Nut Grass Seed** — 100 lbs. @ $60.; 50 lbs. @ $32.; 25 lbs. @ $17.; or 75c per lb.

For Pheasant, Quail and Other Upland Game Birds

These upland game birds are restless creatures that like to move about from one place to another where they find both food and cover. Our seed mixture provides this food and cover.

MIXED QUAIL SEEDS FOR PLANTING

(12 Varieties mixed for planting)
100 lbs. @ $80.; 50 lbs. @ $42.; 25 lbs. @ $22.; 10 lbs. @ $10.; 5 lbs. @ $5.
Delivered prices. We pay the express or postage. 25 lbs. plants 2 acres.

MIXED DOVE SEEDS FOR PLANTING

(12 Varieties mixed for planting)
100 lbs. @ $75.; 50 lbs. @ $38.; 25 lbs. @ $20.; 10 lbs. @ $9.; 5 lbs. @ $4.50.
Delivered prices. We pay the express or postage. 25 lbs. plants 2 acres.

MIXED PHEASANT SEEDS FOR PLANTING

(12 Varieties mixed for planting)
100 lbs. @ $70.; 50 lbs. @ $36.; 25 lbs. @ $18.; 10 lbs. @ $8.; 5 lbs. @ $4.
Delivered prices. We pay the express or postage. 25 lbs. plants 2 acres.

MIXED UPLAND GAME BIRD SEEDS FOR PLANTING

(12 Varieties mixed for planting)
100 lbs. @ $75.; 25 lbs. @ $20.; 10 lbs. @ $9.; 5 lbs. @ $4.50.
This is a general mixture for partridge, pheasant, turkey, quail, dove, chukars and other upland game birds. Provides both food and cover over all four seasons of the year.
Delivered prices. We pay the express or postage. 25 lbs. plants 2 acres.

(All above prices subject to a 5% discount if payment accompanies order)

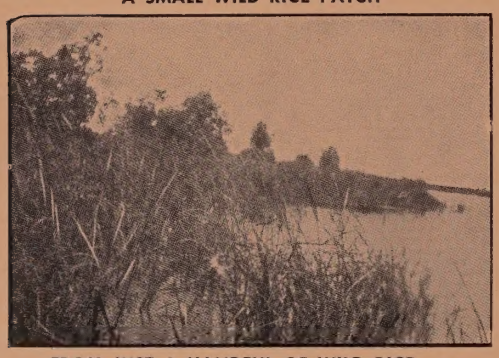
A SMALL WILD RICE PATCH



FROM JUST A HANDFUL OF WILD RICE

A farmer hung a new painting first one way, then another. Each time the effect was confusing. Finally his wife asked, *"What in the world is that supposed to be?"*

"Why," he said, *"it's a realistic picture of the farm situation. No matter how you look at it, it just doesn't make sense."*

A Texas GI, playing poker with some English soldiers, drew four aces.

"One pound," ventured the Englishman on his right.

"I don't know how you-all count your money," drawled the Texan, *"but I'll raise you a ton."*
